Purchase TuneBoto Amazon Music Converter for Mac

Tip: To buy a license of TuneBoto Amazon Music Converter for Mac at \$14.95/One Month, \$39.95/One Year, and \$79.95/Lifetime, click [Here](#).

1. Why should I buy TuneBoto Amazon Music Converter for Mac?

The free trial version of TuneBoto Amazon Music Converter only enables you to convert the first 3 minutes of each song and convert 3 music files at a time. To unlock the limitation, a license key is needed. After purchasing this program, you will receive a confirmation email with your Registration Email and Registration Key included.

2. What Benefits do we have after Registration?

-Unlimited use during the subscription period without any function restrictions.

-FREE upgrades to the latest versions of the same product.

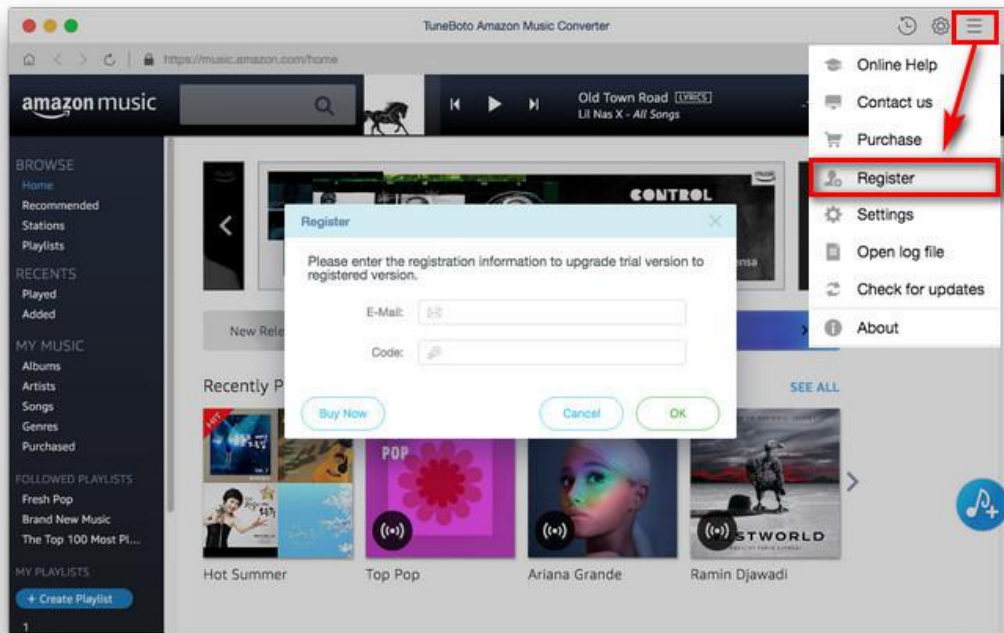

-FREE technical support.

Register TuneBoto Amazon Music Converter for Mac

Step 1: Run TuneBoto Amazon Music Converter on Mac and sign in with your Amazon Music

Unlimited or Prime Music account, then directly click  and select "Register" to open the registration window as below:

Step 2: Copy and paste the registration Email and Code you received into the registration pop-up window, then click "OK" button.

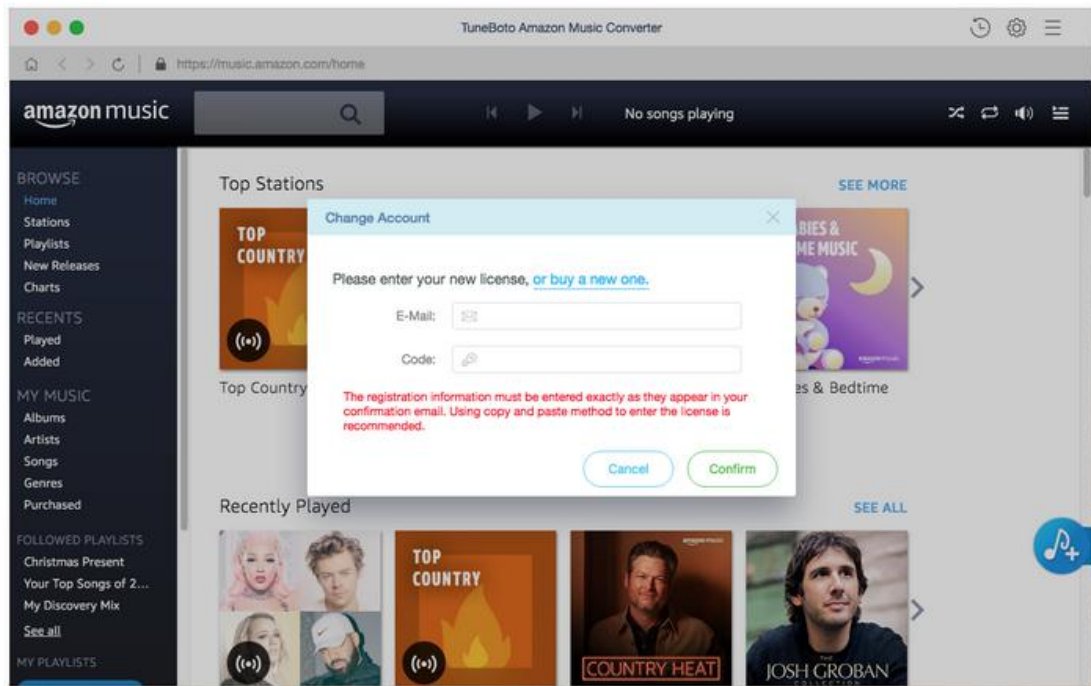

Step 3: Once finished the Registration process, the limitations of the trial version will be removed.

Tutorial of TuneBoto Amazon Music Converter for Mac

Tips:

1. Make sure your computer is well-connected with the Internet.
2. The registration information is case sensitive. So please do not add blank at the beginning or end of the serial numbers.
3. Make sure both Registration Email and Registration key are provided by our company after purchasing. If you have not paid, please go to “**Menu > Purchase**” to get a license.
4. Please make sure Registration Email and Registration key you entered are both complete and correct, otherwise, an error message as below will pop up:

Installation & Interface

- [Menu](#)

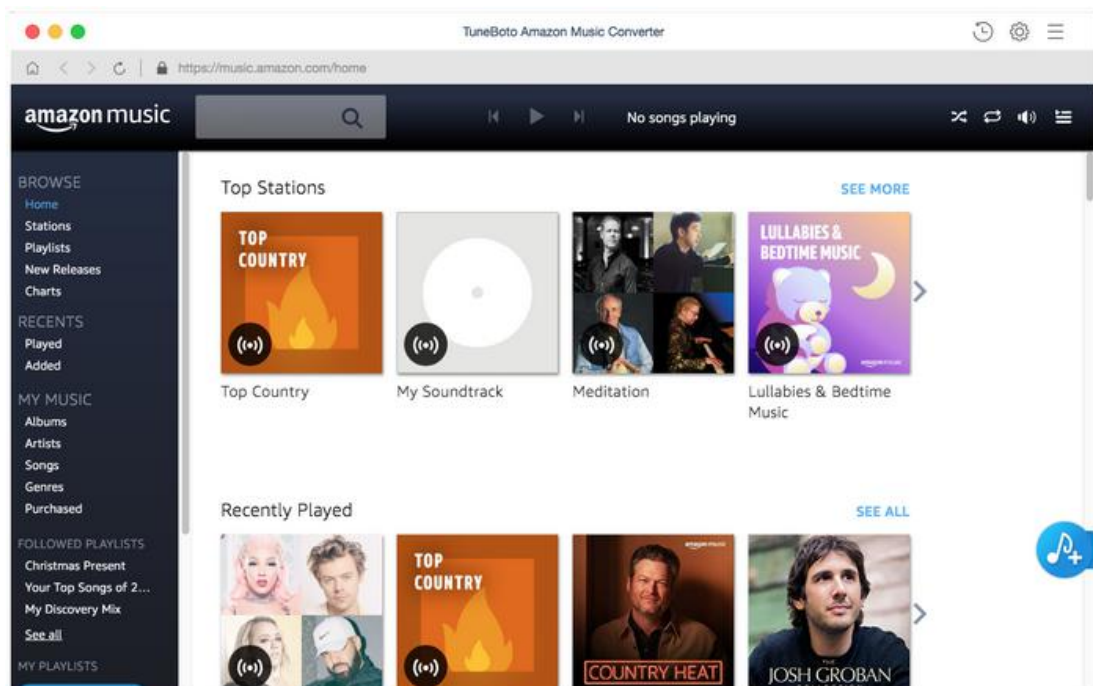

Installation

To install this product, please refer to the following steps:

1. Download the latest version of TuneBoto Amazon Music Converter through [Download Center](#).
2. Double click the installation package of **tuneboto-amazon-music-converter.dmg** file to start installing the program on your computer.
3. Follow the instructions to finish the installation.

Main Interface

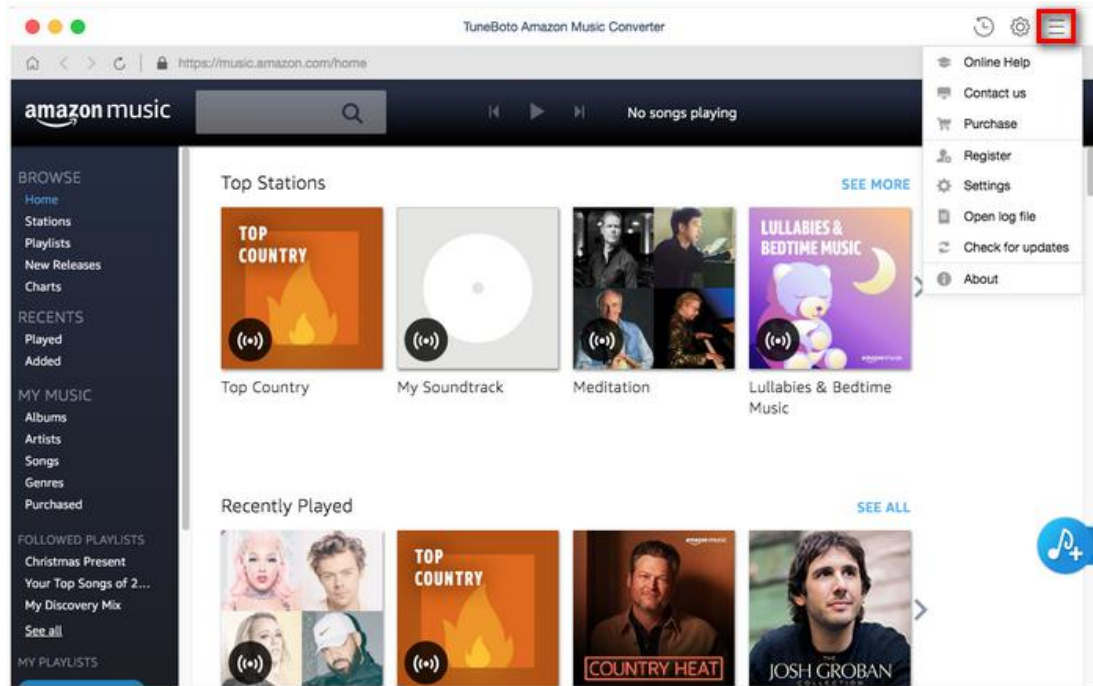

After launching TuneBoto Amazon Music Converter for Mac, and signing in with your Amazon Music Unlimited or Prime Music account, you will see the main interface as below:

Menu

When clicking the **Menu** button  on the upper right corner of the interface, you will see the menu list as below.

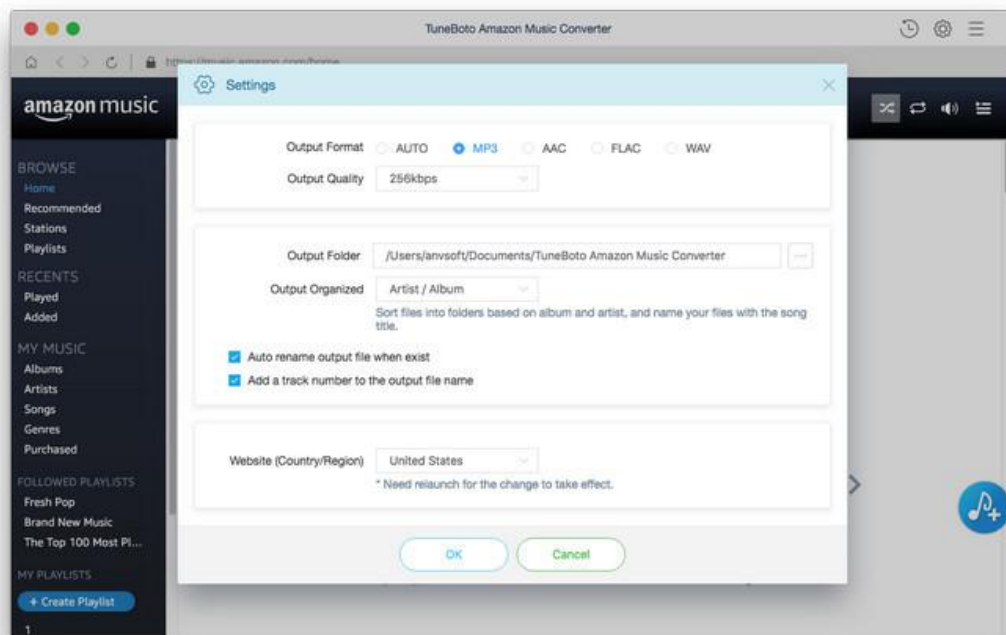

Tutorials

- [Choose Output Settings](#)
- [Add Amazon Music](#)
- [Convert Music Files](#)
- [Check Conversion History](#)

Choose Output Settings

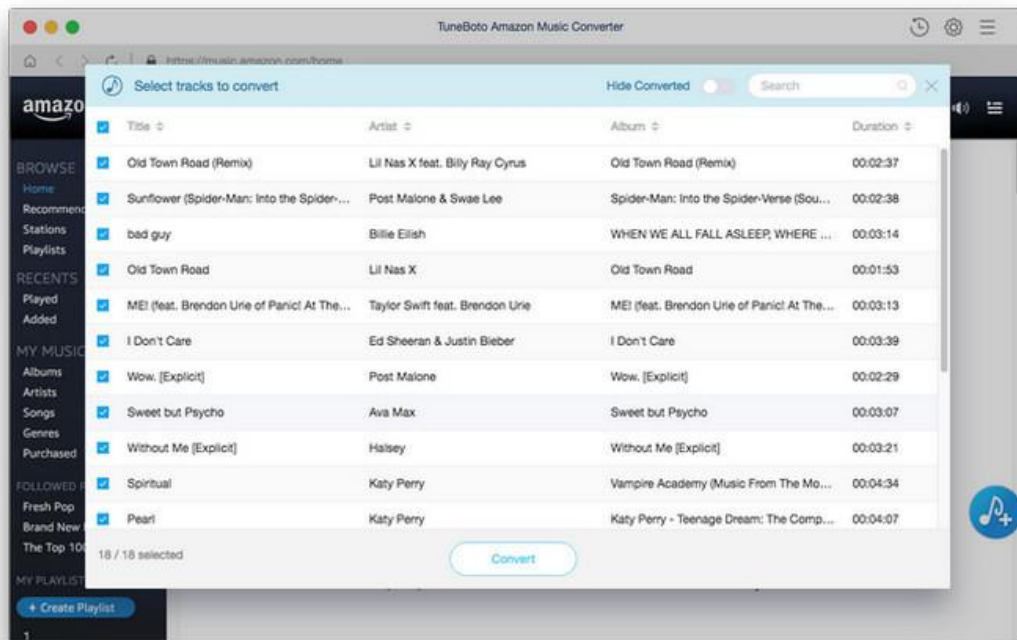

Click the **Settings**  button on the upper right corner, followed that the setting window will pop up allowing you to set the output format (MP3/AAC/WAV/FLAC), path, quality (256kbps, 192kbps, 128kbps) and more.

Import Music Files

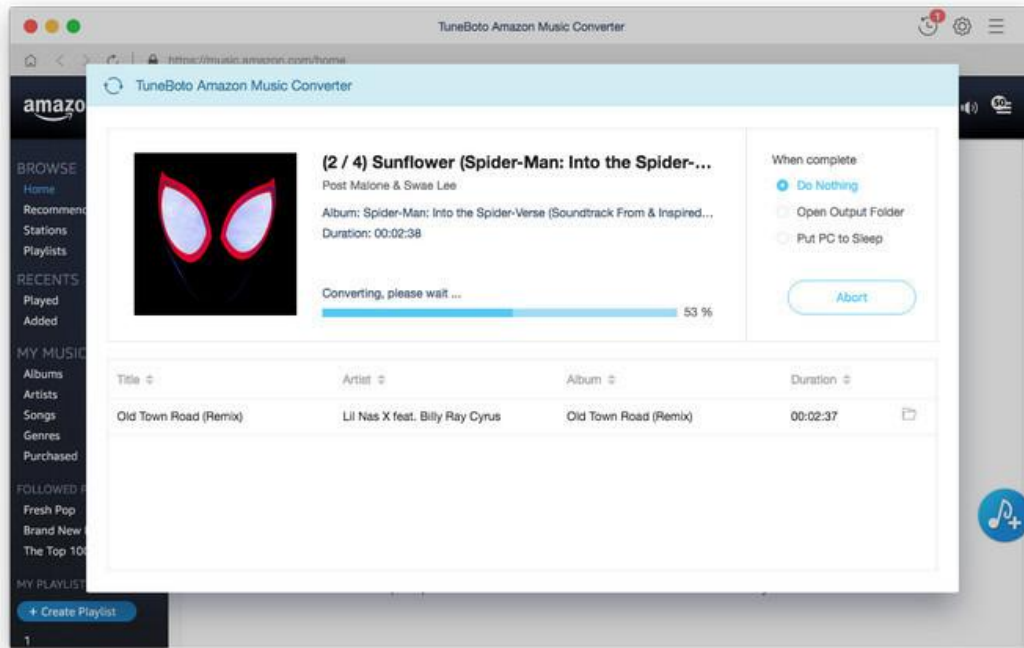

Open one of your Amazon playlists, artists or albums, click **Add**  button suspended on the right side, and the program will list all songs immediately in the Add window. All you need is to select songs you want to convert.

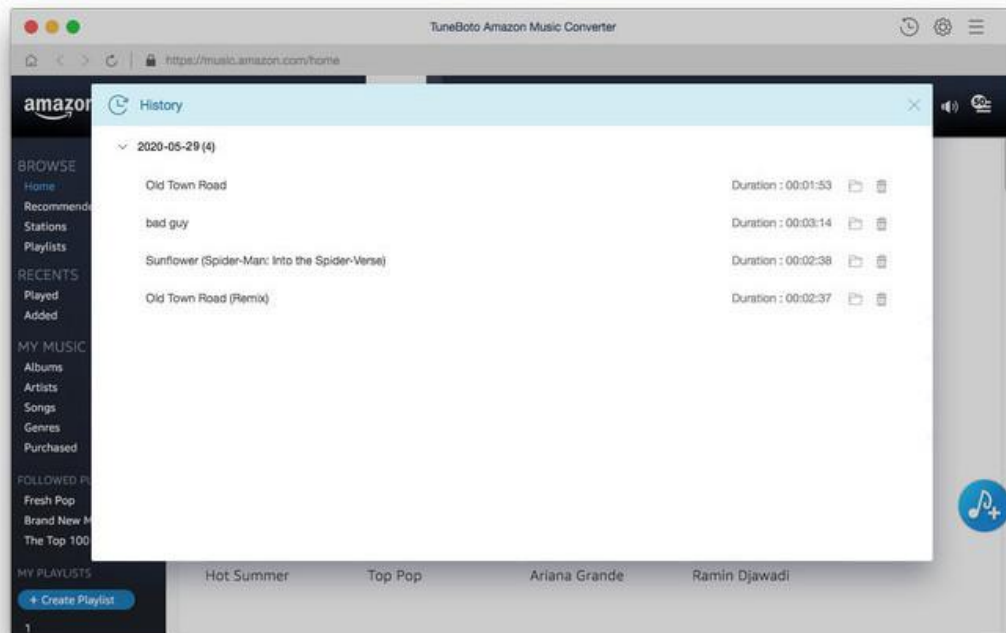

Convert Music Files

After completing the adding, just tap **"Convert"**. The conversion will be succeeded after a few minutes. All your songs will be saved to the output path in MP3/AAC/WAV/FLAC format.

Check Conversion History

Once the conversion is done, you can find the downloaded Amazon Music by hitting the  button on the upper right corner or directly going to the output folder you customized in previous step.
